Bridal Shower For Shannon Houlton

A bridal shower in honor of Shannon Houlton was held recently at the Paris residence. Approximately twenty girls were in attendance. A social program, conducted by Jean Hiltz, brought many laughs and was enjoyed by all.

On behalf of Shannon's friends, Pat Paris presented the guest of honor with a basket of gifts as a token of their good wishes. Mrs. Houlton assisted her daughter in opening the many presents. Shannon thanked those present and invited them to visit her in her new home.

A dainty lunch served by the senior girls brought a pleasant evening to a close.

Wm. Turley Returning Officer For Provincial Liquor Plebiscite

William Turley of Ensign has been appointed returning officer for Little Bow constituency for the plebiscite on liquor outlets. The returning officer in previous provincial elections, A. J. Miller of Vulcan, has withdrawn from acting in that capacity due to recent illness.

Proclamations have now been printed and posted, setting out the 60 polling divisions in the constituency and naming the polling places. The province-wide plebiscite, which seeks public opinion on whether or not additional types of outlets for the sale of beer, wine and liquor should be approved, will be held on Wednesday, Oct. 30. Arrangements for the plebiscite are similar to those made for a general provincial election.

Ballots used in the plebiscite will read as follows:

"Do you approve additional types of outlets for the sale of beer, wine and spirituous liquor subject to a local vote."

Week of Cold Weather

Early Snowstorm Brings Halt To Harvesting

An early October snowstorm, followed by a week of cold weather, effectively stopped all harvesting operations in the County of Vulcan area as well as in the rest of the province.

A light rain-shower on Wednesday of last week was followed by snow on Thursday and by Friday noon fields were hidden by six inches of snow. Blizzard-like conditions prevailed at times and many roads were soon blocked. Highways became icy and treacherous, with many cars going into the ditch Thursday night due to slippery conditions and lack of visibility.

Saturday night and Sunday a further two inches of snow fell here and in other parts of the south. Up until Wednesday of this week, when clear skies gave promise of warmer weather, temperatures had stayed low — from about 20 above at night to a daytime high of 35 above.

A few more days of warm weather would have seen harvesting operations in the immediate Vulcan district pretty well finished. East and south of Vulcan little remains to be harvested except flax. North of town there is still considerable wheat in the swath.

To the west, the bulk of harvest appears to be completed except for flax and mustard.

A one-bushel wheat quota is now in effect at the Vulcan elevators.

Services Held For Ross Lyman

Funeral services for Ross Maurice Lyman, who died on Sept. 26, were held from the Vulcan United Church on Tuesday, Oct. 1, conducted by Rev. W. J. Huston of Champion.

Born at Vulcan in 1921, Ross Lyman moved to Seattle at the age of five. He received his schooling in that city and during his high school years spent the summers on the farm at Vulcan. He joined the U.S. Navy in 1941 after completing one year at the University of Washington. He saw service in the South Pacific and was wounded at Biak in 1943. After spending a year in base hospital at Brisbane, Australia, he was returned to the U.S. in 1944 and was a patient in the Naval Hospital at Seattle. During the next five years he was in and out of hospital several times but in 1949 he entered the university at Seattle and graduated in 1951 with the degree of Bachelor of Commercial Science.

He worked with an automobile finance company in Washington state until 1955, when he moved to the Vulcan district to make his home on the farm. He had been in ill health for the past year.

Surviving are his wife, one son, three daughters and one step-daughter; his father, mother, two brothers and two sisters.

Funeral services were held at the Vulcan cemetery. The climate of Nova Scotia is of the temperate oceanic type, without extremes of heat and cold.

Vulcan Man Wed At Comox, B.C.

HUNTER, — BERKENSTOCK A very pretty wedding was held in the RCAF Protestant Chapel, Comox, B.C., Friday evening.

Vases of red dahlias, flanked by tall white candles, formed the lovely background when F/Lt. Rev. J. K. Goldie conducted the double ring ceremony uniting in marriage Marie Anne, second daughter of Mr. and Mrs. O. Berkenstock, Royston and John William Hunter, only son of Mr. and Mrs. John Hunter, Vulcan Alta.

The bride, given in marriage by her father, was wearing a white brocade length gown of white tulle. The groom was wearing a white tuxedo with a white bow tie.

Her chapel length veil had an embroidered motif and her only jewelry was a gift from the groom, a gift from the groom, and she carried a cascade bouquet of red roses and stephanotis.

Bridesmaid, Miss Lynn Grant, wearing a Wedgewood blue velvet dress of princess style with Italian neckline and three quarter length sleeves, with a bow at the back that extended to the

hemline. Her bandeau was of matching shade and she carried a colonial bouquet of bronze chrysanthemums.

Junior bridesmaid, Vicki Berkenstock, sister of the bride wore a similar gown in matching Wedgewood blue velvet on princess lines with Peter Pan collar and button trim with similar bow at the back. She wore a shirred bandeau to match her dress and also carried a colonial bouquet of bronze chrysanthemums.

Percy Mulholland supported the groom while Ray Fraser ushered the guests to the pews which were marked with white ribbon and flowers.

Following the ceremony a reception was held at the home of the bride's parents where the bride party, assisted by Mr. and Mrs. Berkenstock, received the guests.

Mrs. Berkenstock chose for her daughter's wedding a blue and white floral silk dress. With this she wore a pale yellow chrysanthemum corsage.

The rooms were decorated with artistically arranged bouquets of sweet peas. Centering the bride's table was a beautiful three-tier wedding cake ornamented with pink rosebuds.

Jim Middleton proposed the toast to the bride. Telegrams of congratulations were received from the groom's parents and grandfather, J. Hunter, who were unable to attend the wedding. For travelling the bride changed into a smart turquoise wool dress, with beige hat, shoes and gloves and a corsage of white carnations and stephanotis.

Mr. and Mrs. Hunter will spend their honeymoon motoring in the States and on their return will reside in Courtenay.

Out-of-town guests were the bride's sister and her husband, Mr. and Mrs. Bruce Moore, Victoria, and her brother and sister-in-law, Mr. and Mrs. Ray Berkenstock, Campbell River.

Saskatchewan's rivers, lakes and streams provide some of the finest fishing in Western Canada, among which are lake trout, Northern pike and pickerel.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

Some time out for holidays and a short session with the "flu" has prevented us from appearing in this column regularly during the last few weeks but now that fall is here we will try to settle down to our fall and winter program. Incidentally those wild geese knew what they were talking about when they passed over here on the night of Oct. 1, the brunt of the storm did not reach here until about 48 hours later, but it was one to remember when it arrived. Most of the threshing was completed however, but there remains some flax to harvest. Probably October will yet produce some Indian summer in which to complete the season's operations.

Vaccination of heifer calves for Brucellosis will be commencing soon. Every effort will be made to co-operate with cattle owners as to the time of vaccination but due to the large area to be covered we would like as far as possible to complete the job on the first call. With favorable weather and no lost time it requires about two and a half months of intense work on the part of the Veterinarian and assistants to complete the vaccination for the fall run.

The 1980 campaign for the control of coyotes will quite likely be carried out again this winter with some possible extensions of territory if so desired, bearing in mind that sets may not be placed less than one mile from human habitation and preferably at a greater distance.

ALBERTA ACCIDENTS INCREASE BY 11.8%

Traffic accident statistics for August in Alberta as compiled from police reports by the Alberta Safety Council were 1949 accidents, 563 injuries and 28 deaths. This brings the total deaths for eight months to 147 which is six more than for the same period last year. Accidents have increased 11.8% and injuries 12.9%.

Four months this year have had less deaths than corresponding months last year and four have had more. July and August both exceeded last year's toll.

Safety council officials say that great caution is needed on the highways during the next months. The record for September, October and November has been getting worse in recent years.

Nimz - Chase Nuptials at Lomond

St. John's Anglican Church at Lomond was the scene of a very pretty wedding on Saturday afternoon, Sept. 7, at 3 p.m., when Charlotte Jean, youngest daughter of Mr. and Mrs. Leonard Chase of Lomond, exchanged wedding vows with Gayland Robert Nimz, only son of Mr. and Mrs. Robert Nimz of Vulcan.

The double-ring ceremony was performed by Rev. R. H. Johnson of Vulcan. The church was nicely decorated for the occasion with sprays of gladioli and the church pews were tied with white satin bows with sprays of Lily of the Valley and pink rosebuds.

The bride who was given in marriage by her father chose a floor-length gown of white chantilly lace and net over bridal satin fashioned with a fitted bodice and long V-panels of lace extending down front and back of the bouffant skirt and embroidered with

iridescent pearls and rhinestones. It featured a lace jacket with lily-point sleeves and a Peter Pan collar encrusted with iridescent sequins and seed pearls. Her finger-tip veil of nylon net fell from a tiara of iridescent sequins and rhinestones. She carried a bouquet of yellow daisies centered with pink carnations.

The matron of honor was the bride's sister, Lois (Mrs. Ralph Richardson) and the bridesmaid, Miss Shirley McAllister.

Mrs. Richardson's gown was a floor-length pastel green nylon net over taffeta and featured a very full ruffled skirt and topped with a dainty lace jacket and matching headpiece. She carried a bouquet of yellow daisies centered with pink carnations.

Miss McAllister chose a floor-length gown of pastel blue nylon

lace and net over taffeta and matching bolero. She wore a blue head band and carried a bouquet of white daisies centered with pink carnations.

The flower girl was little Valerie-Faye Teasdale, niece of the bride. She wore a blue and white floored floor-length nylon dress, with a hair band of pink rosebuds and carried a nosegay of pink rosebuds.

The ring bearer was Terry Chase, brother of the bride.

Attending the groom as best man was James Craig of Vulcan. Ralph Richardson ushered the guests to their pews. The wedding music was beautifully rendered by Mrs. Floyd Sande at the organ and soloist was Juan Cortez, who sang "Because" during the signing of the register.

The mother of the bride chose a dress of gray and green printed nylon with turquoise accessories and wore a corsage of pink carnations.

The groom's mother was becomingly attired in a lovely rose-colored lace gown and wore black accessories and a corsage of yellow carnations.

The reception was held in the Lomond Community Hall where the bride and groom were assisted by their respective parents and attendants in receiving the guests.

The bride's table was centered with a three-tier wedding cake flanked by tall white candles. The tables were beautifully decorated with low bowls of sweet peas. Reginald Frost acted as master of ceremonies and proposed the toast to the bride to which the groom responded.

After the reception the young couple left on a short honeymoon trip to Glacier Park. For travelling the bride chose a white and green flecked linen dress with white and green accessories and wore a corsage of red sweetheart roses. On their return they will reside in Lethbridge where the groom is employed.

Out-of-town guests included Mr. and Mrs. Hank Goertzen and daughter Bonnie from Sask.; J. R. McKay of Eyremore; Andy Thomas of Lethbridge; Miss Mary-Anne Crabbie of Vulcan; Mrs. Stan Craig and Miss Vera Clarke of Bassano, and Mr. and Mrs. C. Steiner of Calgary.

Blood Donors In New Role

Blood donors are now playing a new starring role in opening new worlds to a group of skilled surgeons and specialists performing miracle heart operations at University Hospital in Edmonton. Within the past few months 11 open-heart operations have been performed by this team of specialists and additional operations are scheduled at the rate of one each week to 10 days.

Such operations cannot be attempted without a large quantity of blood available in the operating room. The Red Cross, with its army of volunteer donors is providing this blood. An average of 18 to 20 donors, sometimes more, is needed for each operation and as only fresh blood can be used donors are required to be at the Red Cross blood donor clinic in the early hours of the morning the day of the operation.

In addition to providing donors for these operations the Red Cross B.T.S. conducts the complex and tedious blood tests required to assure that there is no incompatibility between the blood of the donor and that of the patient.

It is rarely possible for families of these heart patients to supply the large number of donors with correct blood types required in these operations. Relatives and friends of these patients are therefore asked to attend Red Cross blood donor clinics in their districts and give blood which will be needed to save the life of some other patient.

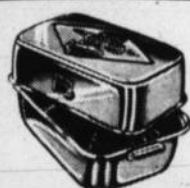

The Red Cross is committed to supply blood free of charge to those needing it. They can only meet this obligation with the co-operation of generous donors and grateful recipients. You can do your part by attending the clinic at the Legion Hall, Vulcan, on Thursday, Oct. 31, 1 p.m. to 3:30 p.m.

Letter to the Editor

The Vulcan Advocate,
Dear Editor,

It is sometime since I have writ-
ten a letter to your good paper. At
this time I would like to extend a
very cordial invitation to all

rounding districts to attend the
Rally of the F.W.U.A. Locals in
Sub-District 5. We are hoping to
see women from Champion, Car-
mangay, etc., there also. It is a
day when we can discuss the
various problems particularly of
interest to women, as well as
those of agricultural nature.

This rally will be held at the
Redlandview Hall (Red Cross
School) on Friday, Oct. 18, com-
mencing at 10 a.m.

Mrs. M. Ward of Arrowwood,
regional vice-president of Home
and School Association will outline
matters of dealing with education
in the morning. Reports of secre-
taries of the various locals will be
given. The Red Cross Local has
kindly offered to cater for the
noon meal.

In the afternoon, Mrs. C. T.
Armstrong, provincial president of

the F.W.U.A. will give the high-
lights of her recent trip to Geylon,
where she attended the Conference
of the Associated Country Women
of the World, and hopes to bring
slides. Tea will also be served.
I hope every woman feels the
need of belonging and taking part
in the Farm Union work. F.W.U.A.
Locals with strong active member-
ships are the keys to better living
and banding together in a pro-
vincial membership, working for
the good of agriculture, are the
best means we have of maintain-
ing the family farm.

Please keep Oct. 18, open for
attending the rally.

In closing I would give my ap-
preciation to the Vulcan Advocate
for allowing me the privilege of
this paper.

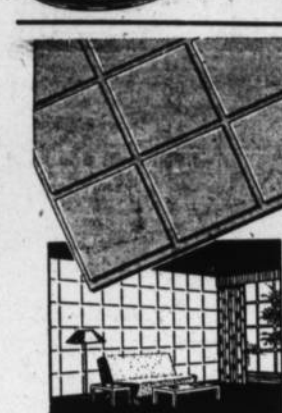

Very sincerely,
Mrs. F. H. House.

1. That more liquor outlets will mean more drinking.

After six months of more outlets in Manitoba, liquor sales had increased by 10 per cent. After ten years of more outlets in Ontario alcoholism had increased by 178 per cent.

2. That MORE drinking in Alberta as elsewhere will mean:

MORE highway accidents,
 MORE neglected children,
 MORE broken homes,
 MORE alcoholics among men and women.

3. That our youth are getting too much liquor now. More outlets in more attractive surroundings will encourage more young people to begin its use. Five per cent of those who do become problem drinkers.

LOMOND NEWS

Best wishes for a speedy recovery are extended to Mrs. Harry Clark who was taken to the Vulcan hospital on Friday, after being taken suddenly ill. From reports received Mrs. Clarke is progressing favorably.

Some very interesting slides of the Nickle families' tour of Europe were shown to the general public in the Lomond Community Hall on Tuesday evening of last week; sponsored by the entertainment committee of the Lomond Lions Club. There would, no doubt, have been a much larger attendance if it hadn't been for the severe electrical storm which hit Lomond and district at this time.

Best wishes for a speedy recovery are extended to Maurice Mercer who was a patient in Lethbridge hospital last week, having his teeth extracted.

Lions Ladies' Night has been planned for Tuesday evening, Nov. 5, when the district governor, Harry Laubach of Dutton, Montana, will be visiting the Lomond Lions Club.

Mr. and Mrs. Humphreys and little daughter Joanne have returned home after a week's holiday visiting relatives in Saskatchewan.

It has been decided to have an Anglican Sunday School with classes to begin on Sunday, Oct. 13.

The electrical storm which hit in Lomond on Tuesday evening, Oct. 1, was one of the worst experienced at this time of year. Several grass fires were ignited, but were put out by rain. Then the snow which started Thursday evening and continuing Friday, blocked the road to Vulcan, until Friday afternoon, when the snow-plow was brought out to the valley. Also the road across the lease to Milo had been filled in as well as other side roads. Some of the school vans were also late arriving. Needless to say a good deal of the flax remaining to be harvested is still under the snow. Surely unseasonal weather it will be a relief to get back to normal.

The wedding dance for Mr. and Mrs. Bobbie Nimz was postponed one week until Friday, Oct. 11, on account of the unexpected snow storm.

Its both very amusing and very interesting to sit in the cafe enjoying a cup of coffee these days, listening to the various comments and sometimes rather heated arguments, as to who will come out on top in the World Series Games. Makes watching and listening to the games much more exciting as well.

Mrs. Lena Huff returned home last week after several months visit to Norway and other European ports.

Mrs. Mack McKay, accompanied by Miss E. Bell were visitors in Lethbridge on Thursday of last week.

Mrs. Earl Williamson of Eyre-more accompanied by his dad, J. R. McKay were visitors in Lomond last week.

What
do Life Insurance Companies

Do
with all the money?

Life insurance companies must report their financial operations to the Superintendent of Insurance. According to the latest official figures here are the facts about the Life Insurance Dollar:

Where each Dollar comes from:

74¢ comes from premiums paid by policyholders for insurance to protect their wives and families and for security in their own old age.

26¢ comes from earnings on policyholders' funds. These funds are invested under Government supervision and help to develop Canada.

What happens to each Dollar:

82¢ is for policyholders.

18¢ is used for normal operating expenses which include taxes, licenses and fees paid to Government.

43¢ is paid out to living policyholders and to beneficiaries.

39¢ is invested for future benefits to policyholders.

*The latest report from the Superintendent of Insurance, Ottawa, shows that in 1956 the life insurance companies in Canada paid out \$371 million in benefits to policyholders. By far the greater part of this money (\$226 million) went to living policyholders.

MAJORVILLE

Honoring Frances Winch, whose wedding to Melvin Beagle of Arrowwood is an event of Oct. 25, in the Milo United Church, a miscellaneous shower was held at the home of Mrs. Bert Clemmons on Tuesday afternoon. Two contests by Mrs. Lewis Greaves were enjoyed during the afternoon. One, a doll dressing affair using clothes pins as dolls, produced some models making it difficult to decide who the winner should be. Mrs. Francis and Mrs. Hagg finally decided that Mrs. Bruce Henry had the prettiest doll. The other contest was a guessing one and was won by Mrs. Chester Thompson. Patsy Bartsch wheeled the presents to the bride's table in a decorated baby bassinet and Leona Voys made the presentation on behalf of the 45 assembled guests and others who were unable to attend. Francis' sister, Mrs. Gordon Boyd of Queenstown, assisted her with the unwrapping after which Frances thanked the guests for the lovely and useful gifts. Assisted by several ladies of the community, the hostess served lunch. Guests were present from Queenstown and Arrowwood, among them being the groom-elect's mother and sister.

Mrs. Beagle and Mabel of Arrowwood.

Last Saturday evening the neighbors were alerted for a fire at Gilbert Voys. A fire of unknown origin had started in a stack of baled hay and fanned by a brisk wind was out of control in a short time. Fire guarding to keep the flames from spreading to the nearby lease and the wind going down confined the damage to the stack of hay. Then on Tuesday night around nine o'clock an electrical storm that seemed to come out of nowhere set fire to the lease owned by Gilbert and his brother Leonard. A shower that accompanied the storm helped to control that blaze.

Neil MacKinnon on his way from Bassano with help to fight the lease fire perilously near his own Majorville lease said he had to stop at Crowfoot to put out a fire the lightning had started there. It seems that several fires were set that night on the lease and only the light showers that fell saved the whole lease from burning. That storm was on Oct. 1, and the lightning was as vicious as any this season and there have been some really heavy electrical storms visit the district.

Now that harvest is over for this year, getting vegetables into the root cellar has been the chore of many recently. As is usual when potato digging day rolls around all available hands are recruited for the job, so when Ray Wellman dug the potatoes, Mr. and Mrs. Hingley and family of Champion were on hand to help. A Home and School executive meeting was held Tuesday, Oct. 1. Further plans for the meeting to be held on Wednesday, Oct. 9, were made. Mrs. Irvine Sukut was appointed historian at this meeting. Plans for getting someone to plant the grass on the school grounds were also discussed.

The sudden snowfall caught everyone unprepared. Quite a number of people have not harvested their gardens and roads were blocked temporarily.

Don't forget the Lions Turkey Shoot to be held at Liberty on Oct. 13.

F/O Bob McCord of Trenton, Ont., was a visitor at the home of his parents, Mr. and Mrs. Norman McCord last weekend.

Eugene McMorris has been accepted into the R.C.A.F. and will be leaving to resume his new duties immediately.

Darlene Winch and Judy Willard have both been patients in the Vulcan hospital with flu or its aftermath. Mrs. Dorothy Moore and Mrs. Marlene Durston of the Milo teaching staff have both been victims of the flu during the past week. Mrs. R. O. Bertrand substituted for them during their absence.

bruise the newly dug tubers all the potatoes were carefully carried to the root-cellar in sacks, which is quite a lot of extra labor when there is a shute from the ground to the bins in the cellar. The winter supply all safely tucked away Mrs. Wellman later went to the cellar to fetch potatoes for supper. Being in a hurry and knowing full well where all the potatoes should be she didn't bother to pull the light cord. Reaching into the bin she gathered a handful of something that definitely was not potatoes. Rather startled she got some light on the subject and discovered that Donnie and Gary Hingley had found the shute and decided that it was a good place to dump all the rocks they could tote. So all hands were once more recruited to haul rocks from the potato bin. There is no report of the comments while the rocks were hauled out.

Lyle Winch is a patient in Bassano hospital with a blood poisoned hand, the result of infection in a calous. Wishes for a speedy recovery are sent his way.

When a belt on the combine stopped Gene Henry did what so many have done before him with no harm done but Gene had his fingers caught and as a result lost the top of at least one of his fingers. Brother Bruce was on hand and managed to stop the machine, or the accident could have been a lot worse. Best wishes also go his way.

Mrs. Hugh Winch, Margaret and Frances and Mrs. Bruce Henry, also Gordon Boyd of Queenstown, were visitors to Calgary on Thursday.

Although on Tuesday when the temperature was in the 80's and the weather forecasters were warning that cold weather with snow was on the way no one was prepared for the blizzard that descended on Thursday afternoon. By evening drifts were beginning to pile up on roads and lanes and on Friday morning the snow shovel was pressed into service before chores could be started. Some school vans made the rounds, others decided to wait for the roads to improve which everyone hopes won't be too long.

There will be a turkey shoot at Liberty on Sunday, Oct. 13, at 1 p.m., sponsored by the Milo-Queenstown Lions Club.

measured in bushels gasoline costs less

If a typical western wheat farmer could exchange bushels of wheat for gallons of gasoline—how many gallons would he get per bushel?

About 2 1/2 gallons?

Well, that was true if you compared the average price of #1 Northern wheat with the price of gasoline back in 1939. Over 5 gallons? You're right if you're thinking about prices in 1946.

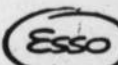

Nearly 7 gallons?

Correct. According to government figures for 1956, the year 'round average price that a western wheat farmer received for a bushel of wheat is sufficient to buy nearly 7 gallons of gasoline for his tractor.

On the score of performance, today's gasolines are an even bigger bargain. Modern refining techniques produce gasolines that are far superior to those sold only ten years ago.

Costly Medicines Really Cheaper

A reminder for Canadian housewives that you can't always tell a bargain by the price tag alone comes from a report in the British Medical Journal No. 4491.

In England, where the government foots the medical bill, physicians are urged to prescribe low-cost drugs. But judging from hospital records in the Manchester area, the British Medical Journal writer suggests "it costs the Exchequer more to treat patients with a lot of cheap medicines than with fewer expensive drugs." According to the survey, "the hospital which spent least on drugs

and dressings had the longest average stay (and thus the biggest total medical bill) per case." Where patients were treated with more expensive drugs, they usually left the hospital sooner.

Another British physician, called to task for prescribing costly drugs, reports: By using modern (and expensive) drugs such as Terramycin, I was able to keep patients out of the hospital, thus saving about £20 per patient, and get them back to work sooner and in better fettle, thus saving the insurance bill."

Weekly records of bacon sold were taken two weeks before this Grade A went on sale. It was then offered alongside other bacon with no advertising other than a small card announcing "Grade A Lean bacon chosen by Government graders for leanness." This continued for another two weeks, and was followed by a week-long demonstration during which the demonstrator obtained the names, addresses and telephone numbers of the buyers.

As a result, some 1,400 question-
